No. 1322—*Ml.* 341-06-101, *dated* 5—26*th August* 1908.

Whereas by a Proclamation of the 19th March 1908 published on the same date at pages 285—286 in English and at pages in Kannada of the *Mysore Gazette*, Part II of 1908 and posted up in conspicuous places in the town of Kolar, it was duly announced under Section 8 of the Municipal Regulation VII of 1906, that it was proposed under Section 4 of the said Regulation to constitute the town of Kolar, the local area comprised within the limits specified in that Proclamation, into a Municipality, and whereas no objections have been made to the said proposal, the Government of His Highness the Maharaja of Mysore are pleased, in exercise of the powers conferred on them by Section 4 (1) of the said Regulation, to constitute the said Kolar town into a Municipality and to declare that the boundary of the said Municipality shall, on and from 1st September 1908, be as shown hereunder :—

Description of the boundaries for Kolar Municipality.

North.—The boundary line starts near the end of Survey No. 28 of Kolar from the existing Municipal boundary stone on the Kolar-Sompur road and crossing the Kolar-Sompur road, follows the western boundaries of Survey Nos. 30-31 and 32 of Kolar and then turning to the

east and passing along the northern boundary of Survey No. 32 of Kolar, comes to the north-eastern boundary stone of Survey No. 32, where will be located a Municipal boundary stone. The boundary line then runs straight across the bed of the Kodikannur tank to the Municipal boundary stone on the bund of the tank in the Kolar-Srinivaspur road and thence turning in a south-easterly direction follows the course of the sluice channel in Survey Nos. 82-85-86-73-72-71-70-63-62-59-57-56 of Kodikannur village and then joining the discharge channel of the Kodikannur tank at the end of Survey No. 58 of Kodikannur village, follows the course of this discharge channel and uniting with the discharge channel of Kolar-Amanikere tank proceeds in a north-easterly direction up to the point where the sluice channel from Kolar-Amanikere tank and the combined discharge channel touch near the northern extremity of Survey No. 64 of Kolar village. Here there will be a Municipal boundary stone.

East.—The boundary line begins at the last mentioned Municipal boundary stone and follows the course of the sluice channel as far as Survey No. 84 of Kolar village and then entering the Kolar-Amanikere village and proceeding along the same sluice channel reaches Kolar-Amanikere tank bund on which there will be a Municipal boundary stone near the registered number stone of the tank from the last mentioned boundary stone, the boundary line passes in a straight line in a south-westerly direction to the south-eastern boundary (pahani) stone of Survey No. 153. There will be a Municipal boundary stone in the bed of the tank on the straight line. There will also be a Municipal boundary stone at the south-eastern boundary stone of Survey No. 153. The boundary line passes from the latter in a straight line to the south-western boundary stone of Survey No. 177, where there will be a Municipal boundary stone.

South.—From this point the boundary line crosses straight to the south-eastern boundary of Survey No. 179 of Kolar. Here will be located a Municipal boundary stone on the road. From the Municipal boundary stone the line proceeds to the north of a natural channel on the southern boundary line of Survey Nos. 179, 189, 188, 187, 192, 193 and 194 of Kolar, meets the cart-track leading from Chamanahalli to Kolar at the South-western boundary of Survey No. 194 of Kolar and thence crossing the cart-track meets the pahani stone between two bonds on the south-east of Survey No. 214 of Kolar and thence proceeding west and then north on the southern and western boundaries respectively of the same survey number, meets the southern boundary line of Survey No. 215 of Kolar and thence proceeding in a north-westerly direction on the boundary line of the said survey number reaches the point where the village of Chamanahalli-Harohalli and Kolar meet and thence crossing the cart-track leading from Bagali to Kolar reaches the south-eastern pahani stone of Survey No 216 of Kolar village. Near this point there is a Municipal boundary stone.

From this Municipal boundary stone the boundary line passes west on the southern boundary of Survey No. 216 of Kolar and thence following the western boundary of Survey No. 216 as far as the cart-track, meets the south-eastern pahani stone of Survey No. 86 of Harohalli village, passes west on the southern boundary of the same Survey No. 86, until it meets the eastern boundary of Survey No. 87 and thence turning southwards on the eastern boundary of Survey No. 87 of Harohalli comes to the south-eastern point of the said survey number and then skirting the southern boundary of Survey Nos. 87 and 81 of Harohalli comes to south-western point of the said Survey No. 81 and thence proceeds north on the western boundary of Survey No. 81 until the southern boundary line of Survey No. 2 of Sultantippasandra. Thence proceeding west on the southern boundary of the same Survey No. 2 the boundary line comes to the south-western point of Survey No. 2 and thence proceeding north on the western boundary of the same survey number joins the Madras-Cannanore road at the north-west point of Survey No. 2 and crosses the road from there straight to the pahani stone towards the north-east in Survey No. 7 of Sultantippasandra on the other side of the road. Here a Municipal boundary stone will be located.

West.—From the last boundary stone the boundary line turns in a north-easterly direction to the junction point of the cart-track in Survey No. 7 of Sultantippasandra with the Madras-Cannanore road and from thence in a north-westerly direction the line follows the cart-track in Sultantippasandra and Keelkota through Survey Nos. 7-66-63-62 and 60 of Sultantippasandra and Survey No. 10 of Keelkota and through the bed of Keelkota tank in a straight line meets the Keelkota tank bund road where there will be a Municipal boundary stone; from the last mentioned boundary stone the boundary line passes along the tank bund road to the south-western point of Survey No. 111 of Keelkota and thence proceeding north in the western boundary of Survey No. 111 of Keelkota joins a natural channel and proceeds along the outer border of it to the northern most pahani stone of Survey No. 104, thence crosses directly to the point where a foot-path emerges from Survey No. 82 into the halla and thence passing along the eastern boundary of Survey No. 82 and reaching the eastern-most point of Survey No. 82 crosses to the southernmost point of Survey No. 83 and thence passing on the south-western boundary of Survey No. 83 meets the frontier of Sangondahalli and Keelkota at the south-western extremity of Survey No. 83 and thence proceeding along the joint frontier of the two villages named and leaving Survey Nos. 83-84 and 85 on the right, reaches the Kolar-Sompur road. The boundary line then runs in a south-easterly direction and meets the Municipal boundary stone at the north-western extremity of Survey No. 28 of Kolar from which the boundary line first started. Within the Municipal limits therefore lie the lands of the 6 villages, *viz.*, Kolar-Kodikannur, Kolar-Amanikere, Harohalli, Sultantippasandra and Keelkota.

No. R. 1051—*Ft.* 135-06-6, *dated* 17*th August* 1908.

The Government of His Highness the Maharaja of Mysore are pleased to lay down the following rules for the grant of licenses for prospecting and mining in lands forming part of State or District Forests or of reserved lands:—

1. No license shall ordinarily be granted for prospecting or mining in State Forests, District Forests or reserved lands except with the previous sanction of Government. Nor shall such operations be generally permitted in plantations, coupes which have been worked over and in tracts containing a valuable growth of sandal, teak or other species of trees.

2. The licensee shall not, without obtaining the sanction in writing of the District Forest Officer, enter upon or commence prospecting or mining operations in any State Forest, reserved land or District Forest.

3. No area in excess of 25 acres will be operated upon or cleared of forest without the permission of the District Forest Officer. Such permission will be granted from time to time in each case for an area not exceeding 25 acres, on the application of the licensee to the effect that he requires the additional area for the *bona fide* and immediate extension of prospecting or mining operations.

4. The area proposed to be operated upon must be defined by a cleared line 10 feet in width.

5. The licensee shall—

(*a*) pay a lump sum for the value of the forest growth and for damages and disfigurement caused to the soil on the area proposed to be operated upon at the following rates:—

	Within 20 miles of the Railway.	Beyond 20 miles of the Railway.
High and pole forests	... Rs. 100 per acre	... Rs. 50 per acre.
Other forests including scrub.	Rs. 50 do	... Rs. 25 do

(*b*) undertake not to cut sandalwood except with the special permission of the Forest Department and on payment of an extra charge to be fixed by the Conservator.

N. B.—The decision of the Conservator of Forests as to whether any particular forest is high, pole or scrub shall be final.

6. The licensee shall, within 30 days of the receipt of the bill from the District Forest Officer, pay the amount thereof to the District or State Huzur Treasury; in default, the District Forest Officer may, at his discretion, stop all further operations and take steps to recover the same as a revenue demand.

7. The licensee shall not fell, girdle or lop any tree outside the area for which compensation as prescribed in clause 5 has been paid.

8. No road or path shall be made within any State Forest, reserved land or District Forest without the permission in writing of the District Forest Officer.

9. Compensation payable for loss of forest growth, etc., on roads or paths made by the licensee shall be the same as that prescribed in clause 5.

10. Nothing in the foregoing rules shall be taken to exempt the licensee or his employees from liability in respect of any forest offence punishable under the Mysore Forest Regulation, 1900.
